SELEZIONE LAMBORGHINI

This is absolute perfection. Vehicles chosen for the Selezione Lamborghini Extended Protection and Selezione Lamborghini Extended Protection Special programs are considered to be excellent and unique.

Each Selezione Lamborghini vehicle retains the essence imbued in it at our factory in Sant'Agata Bolognese and has proven itself worthy of the program.

Used car perfection can only be found at Lamborghini Dealers and Official Service Centers.

Extended Protection

- Available for purchase during the Lamborghini new vehicle warranty period
- Duration: 12 or 24 months from activation
- Coverage up to the fifth year from the Lamborghini new vehicle warranty start date
- "Selezione Lamborghini Extended Protection" coverage begins on the first day after the standard Lamborghini new vehicle warranty expires.

In order to access the Selezione Lamborghini Extended Protection program it is necessary to carry out a vehicle history check, in particular that it has undergone the scheduled maintenance specified by Lamborghini.

Moreover, the Lamborghini Dealer or Service Center must ensure the odometer is not tampered at the time of program application.

Extended Protection Special

- Available for activation during the validity period for the following products where active on the vehicle:
 - Selezione Lamborghini Extended Protection
 - Selezione Lamborghini Certified Pre-Owned
- Duration: 12 months. It can be renewed up to the end of the 10th year

“Selezione Lamborghini Extended Protection Special” coverage begins on the first day after the Program has been purchased or, if a Program is still active (Selezione Lamborghini Extended Protection, Selezione Lamborghini Certified Pre-Owned), when it expires.

In order to access the Selezione Lamborghini Extended Protection Special program it is necessary to carry out a vehicle history check, in particular that it has undergone the scheduled maintenance specified by Lamborghini as well as a thorough inspection of the vehicle, performed in the workshop by Lamborghini-trained technicians.

Selezione Lamborghini Extended Protection Special also requires a dedicated inspection following a 150-point checklist to ensure the vehicle meets the required level of quality.

If the vehicle passes all tests, it will be admitted to the program and can make use of the services this offers.

PROGRAM START COUPON

The Program Start Coupon is a separate document that specifies the areas in which the warranty applies, as well as the start date and the end date of the warranty on your Lamborghini vehicle.

You will receive the Program Start Coupon on delivery of your vehicle.

It must be signed by you and by the Authorized Lamborghini Dealer and placed inside the cover of this booklet.

In order to receive a copy of the coupon, you must contact your Authorized Lamborghini Dealer and/or Service Center.

ORGANIZATION TO CONTACT IN THE TERRITORY

The organization you can contact in the applicable Territory is:

Automobili Lamborghini S.p.A. ("Lamborghini")

Via Modena 12

40019 Sant'Agata Bolognese, Italia customer-care@lamborghini.com

RELEVANT TERRITORY

The "Selezione Lamborghini" Program contained in this booklet is valid only within the territory where the vehicle was originally sold (hereafter referred to as the "Territory")

Warranty repairs while travelling abroad (that is, while in a market that is different from the Territory) can be performed by an Authorized Lamborghini Dealer and/or Service Center if a proof of residence in the Territory is submitted.

If the Authorized Lamborghini Dealer and/or Service Center cannot submit your warranty claim, you may be asked to pay for the repair. On your return to the Territory, please present the invoice to an Authorized Lamborghini Dealer and/or Service Center in the Territory, who will submit a claim on your behalf and obtain reimbursement for you."

SELEZIONE LAMBORGHINI TERMS AND CONDITIONS

1. Introduction

The service consists of six-monthly checks and any repairs of the vehicle parts covered by the program (Work Covered), within the validity period. The service also covers labor costs. You will not be liable for excess or additional expenses, except for work which is not specified as included in this booklet. This booklet provides a description of the Work Covered and tells you what to do when you think the service can be activated. Access to the "Selezione Lamborghini" Program requires you to accept the terms and conditions outlined in the Program Start Coupon and in this booklet. We recommend you read the information on the "SELEZIONE Lamborghini" service given in this booklet thoroughly.

2. Vehicle Technical Suitability Requirements

Requirements for your Lamborghini to be admitted to the "SELEZIONE Lamborghini" service:

- (i) Mileage not to exceed 43.500 miles (70.000 km); 62.000 miles (100.000 km) for Urus.
- (ii) Have less than 120 months' use since the start date of the first standard Lamborghini warranty
- (iii) Have undergone all the services and scheduled maintenance specified by Lamborghini
- (iv) Have been purchased through the Lamborghini network

Please note that rental companies and all those who use their vehicle for commercial purposes are excluded from the Program.

The program also does not apply to limited edition/special series Lamborghinis.

3. Checklist Tests

A Lamborghini technician will perform the following thorough checks before certifying a vehicle for sale through the Selezione Lamborghini Extended Protection Special program. If something does not meet Lamborghini standards, it will need to be repaired or replaced.

VEHICLE INSPECTION

GENERAL INFORMATION

VIN check

No tampering with VIN

Regular servicing/maintenance

All technical bulletins and campaigns completed

Original spare parts used

Mileage consistency

Vehicle history check

VEHICLE EXTERIOR

Exterior aesthetic inspection

Damage to bodywork

Condition of headlights and tail lights

Paint condition (chips/scratches)

Panel installation and alignment

Condition of side markers (where installed)

Visible damage to soft top (where applicable)

Beading, molding and trim

Condition of windscreen and windows

VEHICLE EXTERIOR

Exterior lights operation

Brake lights/third brake light

Hazard warning lights

Dipped/full-beam headlights

Numberplate lights
Front/side/rear parking lights

Brake operation
Parking brake operation

Indicator/warning lights for oil pressure, brake, fuel, seat belts, open doors, check engine, ABS, ESP

No lights coming on during road test

Gearbox and transmission

Manual transmission: operation

E-gear transmission: operation
Noise from differential or transmission
Transmission and shifts

Steering and suspension

Steering operation
Suspension noise/performance

Climate control system check

Correct operation

Noise or vibrations

Noise
Vibrations

4. Description of the Program

Service Period: Start and End

The validity period for the Selezione Lamborghini Extended Protection and Selezione Lamborghini Extended Protection Special programs is indicated on the Program Start Coupon

Where to Go to Receive the Service

To receive the service, the customer must report a defect in a component, system or technical unit which falls under the Work Covered. The vehicle must be taken to an Authorized Lamborghini Dealer (Network) or a Qualified Lamborghini Workshop (Network) during business hours. The beneficiary of the service must report the defect to the technician receiving the vehicle in sufficient detail to allow it to be recorded on the repair order.

The inspection and repair work performed under the service must be performed only by the Official Lamborghini Network.

Emergency Repairs Emergency

repairs performed anywhere other than at an Authorized Lamborghini Network location shall be reimbursed to the extent that the repair was

actually necessary, was performed correctly, and it would have been impossible or manifestly inconvenient to take the vehicle to the nearest Authorized Lamborghini Dealer or Qualified Lamborghini Workshop. After checking that these requirements have been met, Lamborghini will reimburse the customer to the amount the same repair would have cost when performed by a Lamborghini Network Location.

Reimbursements will be authorized upon presenting the Network with:

- a) A statement explaining the circumstances which prevented visiting an Authorized Lamborghini Dealer or Service Center directly
- b) Adequate proof of the repair costs (payment receipts, repair orders and the components removed from your vehicle)

Owner's Obligations:

- (i) Use and maintenance of the vehicle must comply with the written use and maintenance instructions given in the Owner's Handbook and the vehicle's Warranty and Scheduled Maintenance Plan Booklet.
- (ii) The beneficiary of the service must sign the repair order and keep a copy.

5. Work Covered

The Selezione Lamborghini Extended Protection and Selezione Lamborghini Extended Protection Special programs cover any repair or replacement to correct a defect in manufacturer's material and workmanship. Authorized Lamborghini Dealers or Service Center will repair defective parts or replace them with a new or remanufactured Lamborghini Genuine Part free of charge. The Programs cover replacing and changing filters, oil, lubricants, coolant or other fluids only when this is a necessary part of service under warranty on a component covered by the Programs themselves. Replaced parts become the property of Lamborghini. If the Customer believes that there is a defect on the vehicle covered

by the Selezione Lamborghini Extended Protection and Selezione Lamborghini Extended Protection Special programs, they should immediately take the vehicle to an Authorized Lamborghini Dealer and/or Service Center. All repairs must be performed during the period of validity of the program, indicated on the Program Start Coupon.

When presenting the vehicle at an Authorized Lamborghini Dealer or Service Center for repairs under warranty, the customer must show the vehicle's scheduled maintenance plan, which must have all information complete. Lamborghini's responsibility for claims is limited to performing the required repairs. Unless otherwise provided for by law and binding regulations in force in the applicable area, the right to any form of compensation from Lamborghini is limited to any necessary repairs.

Repairs or replacements shall be performed within a reasonable period of time from when the vehicle is delivered to the Authorized Lamborghini Dealer or Service Center during business hours. Repairs under warranty may be performed by any Authorized Lamborghini Dealer or Service Center. Lamborghini shall try its best to have the repairs and/or replacements carried out as promptly as possible, but shall not be liable for any delays caused by lack of availability of spare parts or circumstances reasonably beyond its control. Lamborghini shall bear no liability for any damage due to fire, theft, breaking and entering, property damage, flood, or force majeure while the vehicle remains on the premises of the Authorized Lamborghini Dealer and/or Service Center. No reimbursement is provided for in the event of any other occurrences.

Lamborghini offers the beneficiary of the service a six-monthly check-up performed by the Network from the start date of the Program, which is not included in the scheduled maintenance plan. The operations are detailed below:

- A check, using the tester, of the vehicle's electronic control units

- Visual inspection of the vehicle for fluid leaks
- Visual inspection of steering components
- Tire tread wear check
- Brake pad wear check
- Brake disc wear check
- Levels check (engine oil, brake fluid, gearbox oil, hydraulic fluid in the e-gear transmission, engine coolant)
- Climate control system operation check
- Interior and exterior lights operation check
- Windscreen wiper operation check

6. Work not Covered

LAMBORGHINI'S OBLIGATIONS UNDER THIS PROGRAM EXCLUDE:

a) Normal vehicle maintenance; the replacement of maintenance items such as, but not limited to, lubricants, filters, brake pads, clutch disc and pressure plate, spark plugs, windscreen wiper blades, light bulbs, fuses, wheel alignment and wheel balancing.

b) Fading or deterioration of paint, chrome plating, soft trim, leather and upholstery, due to normal wear and tear or exposure to unusual weather conditions.

c) Broken windows, unless it occurs as a result of a defect in material or workmanship.

d) Any decals or colored markings applied as options on the sides of tires. Since these items have limited resistance to abrasion, their appearance could change over time due to normal vehicle operation or accidental contact with external objects. Any damage to decals or markings must be considered only to be aesthetic damage, without any effect on the performance or reliability of the tires.

e) Defects caused by a specific replacement part that is not an original spare part (or one of equivalent quality) and furnished by an alternative supplier, if the defect is ascribable to said part.

f) The repair of damage following the use of fuel, oil or lubricant other than the ones indicated in the Owner's Handbook, where such damage is due to the use of said fuel, oil or lubricant.

g) Expenses incurred for roadside assistance and/or vehicle transportation to an Authorized Lamborghini Dealer or Service Center, or reimbursement for incidental or consequential expenses due to the unavailability of the vehicle, including transportation, lodging, rental car, and telephone.

h) Faults not attributable to original defects in the manufacturing process due to the materials used or labor.

i) Breakdowns caused by negligence, external agents or arising from unforeseeable circumstances or due to force majeure.

j) The costs to repair breakdowns due to fire, accidents, natural disasters, **tampering with the odometer**, inaccurate adjustments, alterations or modifications to the original specifications of the vehicle, modifications of or tampering with the structural parts of the vehicle.

k) In the event that the odometer is tampered with or altered ("clocking"), the Selezione Lamborghini warranty shall be rendered void.

l) The costs of any additional systems, devices, parts, components or accessories which have been installed on the vehicle after it is delivered to the first retail purchaser, even if such systems, devices, parts, components or accessories have become standard equipment

on Lamborghini vehicles produced after the vehicle in question was manufactured; or, the costs of any systems, devices, parts, components or accessories of equivalent quality, if the defect can be ascribable to them.

m) Installation in/on the vehicle of any equipment or part that is not a Lamborghini approved spare part (regardless of its compatibility with Lamborghini systems), as well as the cost for repairs or adjustments necessary due to the installation or use of equipment, materials or components that are not original Lamborghini (or equivalent) equipment, materials or components, if the defect is ascribable to them.

n) The repair or compensation for personal injury or property damage.

o) The repair or replacement of the tires.

p) If the vehicle has been used in competitive racing events, or modifications have been made using components which are not original Lamborghini spare parts or those of equivalent quality, with possible consequences to type-approval requirements and/or safety, the Selezione Lamborghini Warranty shall be rendered void.

q) Inability to operate the vehicle correctly as provided for by the Owner's Handbook, including failure to heed warning lights and signals indicating vehicle malfunctions. All parts replaced under the Lamborghini New Vehicle Warranty become the property of Lamborghini. Lamborghini shall have no obligation under this Selezione Lamborghini Warranty for replacements or repairs due to:

r) Misuse, negligence, overloading, any type of unauthorized modification causing the damage, use in racing or competitive events; the owner agrees that Lamborghini shall bear no liability for personal injury or property damage due to any of the above causes.

s) Repairs or modifications that have not been authorized and carried out by an Authorized Lamborghini Dealer or Service Center, or by an independent repair facility with the skills necessary for working on Lamborghini vehicles, if the damage is ascribable to a failure to execute said repairs to professional standards.

t) Paintwork damage which has not been immediately repaired to professional standards by an Authorized Lamborghini Dealer, Service Center or Collision Center, or by an independent repair facility with the skills necessary for working on Lamborghini vehicles, if the damage is ascribable to a failure to execute said repairs to professional standards.

The Program shall not apply in the event of failure by the Customer to take heed of and act on vehicle warning lights and warning messages indicating malfunctions.

7. Exclusion of Accidental and Consequential Loss

The Program covers only repairs and maintenance of vehicles accepted to the Program. It does not provide compensation for accidental or consequential loss or damage, including reductions in vehicle value, loss of earnings or profits.

8. Jurisdiction and Competent Authority

The Selezione Lamborghini Extended Protection and Selezione Lamborghini Extended Protection Special Programs are regulated by Italian law, without prejudice to applicable legislative and/or regulatory restrictions. Any dispute arising from or linked to the Lamborghini Warranty shall be decided exclusively by the Court of Bologna (Italy), without prejudice to the prevailing mandatory laws and regulations applicable in the country in which the vehicle was sold, which regulate the applicable law and competent court and provide specific regulations to protect consumers.

9. Transfer

The Program is transferred together with the vehicle in its existing condition. The assignee must notify Automobili Lamborghini S.p.A. of the vehicle transfer, specifying their name and surname, address, telephone number and vehicle identification number (VIN). This information must also be sent by the new owner to **Automobili Lamborghini S.p.A., Via Modena 12, 40019 Sant'Agata Bolognese (BO), Italia**

10. Additional information
